

## Wireless Remote Control Single Girder Gantry Crane 0-38M For Customization Processing Operation

Our Product Introduction

for more products please visit us on [port-crane.com](http://port-crane.com)

### Basic Information

- Place of Origin: Shandong Province, China
- Brand Name: Lucheng Co., Ltd
- Model Number: Single Beam Crane
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

### Product Specification

- Type: Single Beam Crane
- Increase Quantity: On Demand Customization
- Production Country: China
- Operation Form: Remote-controlled Operation
- Applicable Scope: Workshop Production Loading And Unloading
- Power Supply Voltage: 380V
- Operation Method: Wireless Remote Control
- Working Range: 0-38M
- Working Class: A5-A8
- Highlight: **wireless single girder crane,  
wireless single girder gantry crane,  
38m single girder crane**

## Product Description

### Product Description:

With a working range of 0-38M, this Single Beam Crane can handle a wide range of materials and weights. Whether you're loading and unloading cargo at a port, or transporting heavy equipment at a construction site, this crane is the perfect tool for the job. The Single Beam Crane is a reliable and efficient choice for any business or individual looking for a top-quality crane. With its new degree, you can be sure that you're getting a product that is built to last and perform at its best. This Single Beam Crane is the ideal choice for anyone who needs a crane that is easy to operate and control. With its remote-controlled operation form, you can easily maneuver the crane to the exact spot where you need it, without having to worry about any complicated controls or procedures. At Lucheng Co., Ltd, we are committed to providing our customers with the highest quality products and services. That's why we're proud to offer the Single Beam Crane - a top-quality crane that is designed to meet all of your lifting and loading needs. So if you're looking for a reliable and efficient crane that is easy to operate and control, the Single Beam Crane from Lucheng Co., Ltd is the perfect choice. Contact us today to learn more about this top-quality product!

### Features:

Product Name: Single Beam Crane

Working range: 0-38M

Brand: Lucheng Co., Ltd

Power supply voltage: 380V

Type: Single Beam Crane

Electric power: 7KW-60KW

### Technical Parameters:

Production country	China
Electric power	7KW-60KW
Lifting height	20m
Does it support processing customization	Yes
Increase quantity	On Demand Customization
Power supply voltage	380V
Operation method	Wireless Remote Control
Brand	Lucheng Co., Ltd
Working range	0-38M
New and old degree	Brand New

## Applications:

Here are some of the product application occasions and scenarios of the Single Beam Crane:

**Workshops:** Single Beam Crane is an ideal choice for workshops that require loading and unloading of heavy materials. It can be used to move materials from one place to another, thereby improving efficiency and productivity.

**Warehouses:** The crane can be used in warehouses to lift and move goods from one location to another. This makes it easier to manage inventory and keep the warehouse organized.

**Construction sites:** Single Beam Crane can be used in construction sites to lift heavy materials such as steel beams, concrete slabs, and other construction materials. This makes it easier to move these materials to the required location.

**Manufacturing plants:** The crane can be used in manufacturing plants to move raw materials, finished goods, and machinery. This improves efficiency and reduces the risk of accidents.

**Ports and harbors:** Single Beam Crane can be used in ports and harbors to load and unload cargo from ships. This makes it easier to transfer goods from one location to another.

Single Beam Crane comes with a powerful electric motor that requires 7KW-60KW of power. This ensures that the crane can lift heavy loads with ease. The remote-controlled operation makes it easy to use, even in difficult conditions.

## Customization:

### Support and Services:

The Single Beam Crane product comes with a comprehensive technical support and services package to ensure maximum uptime and efficiency:

24/7 technical support hotline

On-site troubleshooting and repair services

Regular preventive maintenance inspections

Replacement parts and components

Training and certification programs for operators and maintenance personnel

Our team of experienced technicians and engineers are committed to providing the highest level of support and service to our customers.

### Packing and Shipping:

Product Packaging:  
Single Beam Crane  
Instruction Manual  
Installation Tools  
Shipping:  
Ships within 2-3 business days  
Free shipping within the United States  
International shipping available for an additional fee

## FAQ:

A Single Beam Crane is a type of crane that uses a single beam to lift and move heavy loads. It is commonly used in warehouses, factories, and construction sites.

Q: What is the maximum weight capacity of the Single Beam Crane?
