

0-50m Lifting Height Double Beam Bridge Crane With Remote Controlled Operation

Our Product Introduction

for more products please visit us on port-crane.com

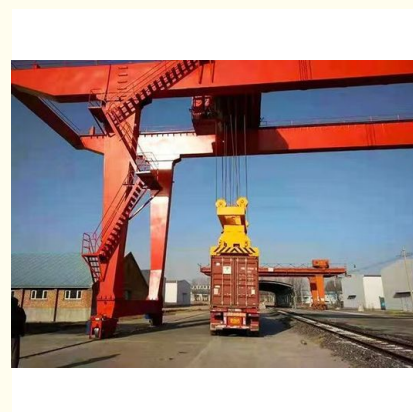

Basic Information

- Place of Origin: Shandong Province, China
- Brand Name: Lucheng Co., Ltd
- Model Number: Double Beam Crane
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

Product Specification

- Production Country: China
- Does It Support Processing Customization: Yes
- Lifting Capacity: 5-500T
- Applicable Scope: Industrial Factory Terminal
- New And Old Degree: Brand New
- Type: Double Beam Crane
- Increase Quantity: On Demand Customization
- Tonnage: Customizable
- Working Class: A5-A8
- Highlight: 50m double beam eot crane,
50m double beam bridge crane,
remote controlled double beam eot crane

Product Description

Product Description:

The Double Beam Crane is manufactured in China, a country known for its excellence in heavy machinery production. Lucheng Co., Ltd has a reputation for producing reliable and high-quality cranes, and the Double Beam Crane lives up to those standards. The tonnage of the crane is customizable, allowing customers to choose the lifting capacity that best suits their needs.

The Double Beam Crane is designed with two beams, providing added support and stability. This feature allows the crane to lift heavier loads with ease, making it an ideal choice for industries that require heavy lifting capabilities such as construction, mining, and manufacturing. The double beam design also ensures that the crane has a longer lifespan than single beam cranes, making it a wise investment for businesses that need a reliable and long-lasting crane.

Lucheng Co., Ltd has designed the Double Beam Crane with safety in mind. The crane is equipped with a range of safety features, including overload protection, emergency stop buttons, and anti-collision systems. These features ensure that the crane can be operated safely and efficiently, reducing the risk of accidents and injuries.

In conclusion, the Double Beam Crane from Lucheng Co., Ltd is an excellent choice for businesses that require a heavy-duty crane with a customizable tonnage. Its double beam design provides added support and stability, allowing it to lift heavier loads with ease. The safety features ensure that the crane can be operated safely and efficiently, reducing the risk of accidents and injuries. Made from high-quality steel products and manufactured in China, the Double Beam Crane is a reliable and durable investment for businesses in need of a long-lasting crane.

Features:

Product Name: Double Beam Crane

Product material: Steel Products

Applicable scope: Industrial Factory Terminal

Production country: China

Type: Double Beam Crane

Lifting capacity: 5-500T

Technical Parameters:

Product material:	Steel Products
Lifting height:	0-50m
Lifting capacity:	5-500T
Production country:	China
New and old degree:	Brand New
Operation form:	Remote-controlled Operation
Type:	Double Beam Crane
Tonnage:	Customizable
Brand:	Lucheng Co., Ltd
Increase quantity:	On Demand Customization

Applications:

The Double Beam Crane is perfect for a range of different occasions and scenarios. It is a popular choice for use in construction sites, warehouses, and factories. The crane is ideal for lifting and moving heavy loads such as steel beams, concrete blocks, and machinery. It is also commonly used in shipyards and ports for material handling and loading/unloading cargo from ships.

The Double Beam Crane is a versatile tool that can be used in various industries, including aerospace, automotive, and manufacturing. In the aerospace industry, the crane is used to move and transport aircraft components and engines. In the automotive industry, it is used for lifting and moving large car parts and engines. In the manufacturing industry, it is used for handling heavy machinery and equipment. The Double Beam Crane is also an ideal choice for emergency situations such as natural disasters, where it can be used to lift and move debris and other materials. It can also be used for rescue operations to lift and move people and equipment to safety.

Overall, the Double Beam Crane is a reliable and efficient tool that is suitable for a wide range of lifting and handling applications. Its high-quality production and customizable options make it an ideal choice for businesses and industries of all types and sizes.

Customization:

Brand Name: Double Beam Crane

Model Number: Complete

Place of Origin: China

New and Old Degree: Brand New

Applicable Scope: Industrial Factory Terminal

Product Material: Steel Products
Lifting Height: 0-50m
Processing Customization Support: Yes

Support and Services:

Our Double Beam Crane product comes with comprehensive technical support and services to ensure optimal performance and longevity. Our team of experts can assist with installation, maintenance, repairs, and upgrades to keep your crane operating at peak efficiency. Additionally, we offer training programs to ensure safe and efficient operation of the crane by your personnel. Our technical support and services are designed to minimize downtime and maximize productivity, providing you with the peace of mind that your investment is being well taken care of.

Packing and Shipping:

Product Packaging:
Double Beam Crane
Instruction Manual
Installation Hardware
Shipping:
Shipping Method: Ground
Shipping Weight: 500 lbs
Shipping Dimensions: 120" x 60" x 30"
Shipping Cost: \$500

FAQ:

Q: What is the brand name of this product?
A: The brand name of this product is Double Beam Crane.
Q: What is the model number of this product?
A: The model number of this product is complete.
Q: Where is this product made?

A: This product is made in China.

Q: What is the maximum weight capacity of this crane?

A: The maximum weight capacity of this Double Beam Crane varies depending on the specific model. Please refer to the product specifications for more information.

Q: Is installation included with the purchase of this product?

A: Installation is not typically included with the purchase of this product. However, we can provide installation services for an additional fee. Please contact us for more information.
