Our Product Introduction

for more products please visit us on [port-crane.com](http://port-crane.com)

### Basic Information

- Place of Origin: Shandong Province, China
- Brand Name: Lucheng Co., Ltd
- Model Number: European crane
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

### Product Specification

- Lifting Height: 0-50m
- Does It Support Processing Customization: Yes
- Increase Quantity: On Demand Customization
- Applicable Scope: Industrial Factory Terminal
- New And Old Degree: Brand New
- Tonnage: Customizable
- Product Material: Steel Products
- Production Country: China
- Highlight: **8 ton 5 ton overhead crane, customizable gantry crane 5 ton, customizable 5 ton overhead crane**

## Product Description

### Product Description:

Our European style crane is designed for ease of use, offering both air and remote operation options to provide maximum flexibility and convenience. Whether you need to lift heavy loads in a factory setting or move materials at a construction site, our crane is the perfect tool for the job.

One of the standout features of our European style crane is its ability to support processing customization. This means that we can work with you to create a crane that perfectly meets your unique needs and requirements. Our team of experts will collaborate with you every step of the way to ensure that your crane is built exactly to your specifications.

When you choose our European style crane, you're choosing a reliable, durable, and efficient lifting solution that is perfect for a wide range of applications. Whether you're working in construction, manufacturing, or any other heavy-duty industry, our crane is sure to exceed your expectations and help you get the job done right.

### Features:

Product Name: European crane

Increase quantity: On Demand Customization

Does it support processing customization: Yes

Tonnage: Customizable

Colour: Customizable

Introducing the versatile and customizable European style crane. Our European crane offers on demand customization, allowing you to increase quantity and tailor the tonnage and colour to your specific needs. Whether you require heavy lifting or intricate movement, our European style crane supports processing customization to meet your unique requirements.

### Technical Parameters:

Lifting Height	0-50m
Tonnage	Customizable
Operation Form	Air Operation/remote Operation
Applicable Scope	Industrial Factory Terminal
Product Material	Steel Products
Processing Customization	Yes
Increase Quantity	On Demand Customization
Colour	Customizable
Brand	Lucheng Co., Ltd
New and Old Degree	Brand New

### Applications:

The operation form of European style crane can be air operation or remote operation, depending on the user's preference. This feature allows for flexible usage and makes it easy to operate the crane from a distance. Whether it's lifting heavy machinery or transporting large containers, European style crane can get the job done quickly and efficiently.

Since European style crane is a brand new product, it offers the latest technology and is designed to meet modern industry standards. This makes it a reliable and safe option for lifting heavy loads. In addition, the tonnage of European style crane is customizable, which means it can be adapted to meet the needs of different industries and applications.

European style crane is ideal for lifting and transporting heavy loads in various industries, such as construction, manufacturing, and logistics. For example, in the construction industry, European style crane can be used to lift and transport steel beams, concrete slabs, and other materials. In the manufacturing industry, it can be used to move heavy machinery and equipment. Finally, in the logistics industry, European style crane can be used to load and unload containers from ships and trucks.

Overall, European style crane is a versatile and reliable product that can be used in a wide range of scenarios. Its ability to support processing customization, lifting height, operation form, and tonnage make it an ideal choice for various industries and applications.

### Customization:

Our European style crane product comes with customizable tonnage and can be operated through air operation or remote operation. It is suitable for industrial factory terminals and is brand new. We also offer product customization services to tailor the crane to your specific needs.

### Support and Services:

Our European crane product comes with comprehensive technical support and services to ensure that your crane is running smoothly

and efficiently. Our team of highly skilled technicians is available to assist you with any technical issues you may encounter, and can provide remote diagnostics and troubleshooting services to quickly resolve any problems. In addition, we offer a range of maintenance and repair services to ensure that your crane is always in top condition. Our team can perform regular inspections and preventative maintenance to identify and address potential issues before they become major problems. We also offer emergency repair services to quickly address any unexpected breakdowns and minimize downtime. Finally, our training programs are designed to help your team operate and maintain your crane safely and effectively. We offer both on-site and remote training options, and can customize our programs to meet your specific needs and requirements.

## Packing and Shipping:

### Product Packaging:

The European crane product will be packaged in a sturdy wooden crate to ensure it is protected during shipping. The crate will have padding to prevent any damage to the crane during transportation. The product will also be wrapped in a protective covering to prevent any scratches or scuffs.

### Shipping:

The European crane product will be shipped using a reliable and trusted courier service. The delivery time will depend on the destination, however, we aim to deliver the product as quickly as possible. The courier will provide tracking information so you can keep track of your shipment.
