Basic Information

- Place of Origin: Shandong Province, China
- Brand Name: Lucheng Co., Ltd
- Model Number: European crane
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

Product Specification

- New And Old Degree: Brand New
- Applicable Scope: Industrial Factory Terminal
- Does It Support Processing Customization: Yes
- Operation Form: Air Operation/remote Operation
- Tonnage: Customizable
- Colour: Customizable
- Increase Quantity: On Demand Customization
- Lifting Height: 0-50m
- Highlight: customizable european crane,
customizable european overhead crane,
50m european crane

Product Description

Product Description:

The European style crane boasts an impressive lifting height of 0-50m, making it suitable for a wide range of applications. Whether you need to lift heavy machinery or construction materials, this crane has got you covered. It features air operation/remote operation, giving you the flexibility to choose the most suitable operation form for your specific needs.

One of the standout features of our European style crane is its ability to support processing customization. This means that we can tailor the crane to your exact specifications, ensuring that it meets your unique requirements. Our team of experts will work closely with you to understand your needs and come up with a solution that works best for you.

Features:

Product Name: European crane

Applicable scope: Industrial Factory Terminal

Product material: Steel Products

Brand: Lucheng Co., Ltd

Colour: Customizable

Production country: China

Introducing the European style crane - perfect for your industrial factory terminal needs. Made from durable steel products, this crane is manufactured by Lucheng Co., Ltd in China. Choose from a range of customizable colours to suit your specific requirements.

Technical Parameters:

Colour	Customizable
Processing Customization	Yes
Brand	Lucheng Co., Ltd
Tonnage	Customizable
Operation Form	Air Operation/Remote Operation
New and Old Degree	Brand New
Lifting Height	0-50m
Production Country	China
Product Material	Steel Products

Applications:

Construction Sites: European style crane is ideal for use in construction sites where heavy lifting is required. Its customizable tonnage makes it suitable for lifting different weights of building materials, and its brand new degree ensures reliability and safety during use.

Warehouses: European style crane is also suitable for use in warehouses to lift heavy goods and materials. Its customizable tonnage and European design allow for efficient and safe lifting operations, making it a must-have equipment for any warehouse.

Ports: The European style crane is perfect for use in ports to lift and transfer heavy containers from ships to the port. Its brand new degree ensures it is in top condition and ready for any lifting task. Its customizable tonnage also makes it suitable for lifting different weights of containers.

Manufacturing Plants: European style crane is ideal for use in manufacturing plants where heavy lifting is required. Its customizable tonnage makes it suitable for lifting different weights of raw materials and finished products, ensuring smooth and efficient production processes.

Transportation Industry: European style crane is also suitable for use in the transportation industry to lift and move heavy cargo. Its brand new degree and customizable tonnage make it a reliable and safe equipment for any lifting task.

Power Plants: European style crane is perfect for use in power plants where heavy lifting is required. Its customizable tonnage allows for efficient and safe lifting operations, ensuring smooth and reliable power generation processes.

Mining Industry: European style crane is ideal for use in the mining industry to lift and transport heavy materials. Its customizable tonnage and European design make it a reliable and safe equipment for any lifting task, ensuring efficient and smooth mining operations. In conclusion, the European style crane is a versatile and reliable lifting equipment suitable for a wide range of occasions and scenarios. Its customizable tonnage, brand new degree, and European design make it a must-have equipment for any lifting task.

Customization:

Looking for a European style crane that can be customized to meet the specific needs of your industrial factory terminal? Look no further than Lucheng Co., Ltd. Our cranes are customizable in terms of tonnage, allowing you to find the perfect fit for your needs. Our cranes are designed for use in industrial factory terminals and are produced in China to ensure the highest quality standards. Trust Lucheng Co., Ltd for all your European style crane needs.

Support and Services:

Our European crane product comes with comprehensive technical support and services to ensure that your crane is always operating at its best. Our team of experienced technicians are available to provide you with assistance and advice on any technical issues you may encounter.

We offer a wide range of services including installation, commissioning, preventive maintenance, repair and overhaul, spare parts, and modernization. We also provide training for your operators and maintenance personnel to ensure that they have the knowledge and skills necessary to operate and maintain your crane safely and efficiently.

In addition, we offer 24/7 customer support to ensure that you receive assistance whenever you need it. Our support team is available to answer any questions you may have and provide you with technical support and advice.

Packing and Shipping:

Product Packaging:

The European crane product will be packaged securely in a wooden crate to ensure that it arrives at its destination safely. The crate will be labeled clearly with the product information and handling instructions.

Shipping:

The European crane product will be shipped via sea freight to minimize costs and ensure the safety of the product. The shipping will be arranged by our logistics team and the customer will be informed of the estimated time of arrival and provided with a tracking number to monitor the shipment.
