

Wheel Loader Steel Products Truck Crane Construction Lifting Machine 360 Degree Rotation Angle

Our Product Introduction

for more products please visit us on port-crane.com

Basic Information

- Place of Origin: Shandong Province, China
- Brand Name: Lucheng Co., Ltd
- Model Number: Truck crane
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

Product Specification

- Product Material: Steel Products
- Operation Form: Remote-controlled Operation
- Production Country: China
- Usage: Construction Lifting
- Rotation Angle: 360 Degree
- Color: Customer's Requirement
- Applicable Scope: Industrial Factory Terminal
- Moving Type: Wheel Loader
- Highlight: **Wheel Loader Truck Crane,
360 Degree Truck Crane,
Construction Lifting Machine**

Product Description

Product Description:

The Truck Crane is built on a sturdy Lucheng Co., Ltd chassis, providing durability and stability during operation. Its moving type is a wheel loader, which allows for easy maneuvering and transportation to different work sites. The truck crane is the perfect tool for lifting heavy loads in the construction industry. Its powerful engine and hydraulic system provide the necessary strength and precision for lifting tasks. This product is ideal for use in industrial factory terminals where heavy lifting is required. The Truck Crane features advanced safety features, ensuring the safety of both the operator and those nearby. Its sophisticated control system allows for easy operation, making it an ideal choice for those new to heavy machinery operation. With its excellent lifting capacity, the Truck Crane is perfect for a wide range of construction lifting tasks. This versatile product can help you to complete your project efficiently and effectively, saving you time and money in the process. So if you're looking for a reliable and powerful machinery to help with your construction lifting needs, look no further than the Truck Crane. Its high-quality manufacturing and advanced features make it the perfect choice for any industrial factory terminal.

Features:

Product Name: Truck crane
Product Material: Steel Products
Usage: Construction Lifting
Brand: Lucheng Co., Ltd
Production Country: China
Lifting Capacity: 1-500T

Technical Parameters:

Brand	Lucheng Co., Ltd
New and old degree	Brand New
Types of	Truck Crane
Operation form	Remote-controlled Operation
Increase quantity	On Demand Customization
Usage	Construction Lifting
Lifting capacity	1-500T
Color	Customer's Requirement
Product material	Steel Products
Chassis Brand	Lucheng Co., Ltd

Applications:

One of the primary applications of the truck crane is in the construction industry. They can be used to lift heavy loads such as steel beams, concrete forms, and construction materials to higher levels. The truck crane is especially useful in high-rise construction where it can lift materials to upper floors with ease.

Another common application of the truck crane is in the transportation industry. They are used to load and unload heavy cargo from trucks and other vehicles. This helps to speed up the loading and unloading process and reduces the risk of injury to workers.

The truck crane is also used in the mining industry. They can be used to lift heavy loads such as machinery and equipment to higher levels. The truck crane is especially useful in open-pit mining where it can lift materials out of the mine and onto trucks for transportation. In the oil and gas industry, the truck crane is used to lift heavy equipment and materials onto drilling rigs and other structures. This helps to speed up the construction process and reduces the risk of injury to workers.

Overall, the truck crane is a versatile piece of equipment that can be used in a variety of applications. Lucheng Co., Ltd produces high-quality truck cranes that can be customized to the customer's requirements. With its ability to lift heavy loads and its ease of use, the truck crane is an essential piece of equipment for any construction or transportation company.

Customization:

Customize your truck crane with our product customization services:

Rotation Angle: 360 Degree

Moving Type: Wheel Loader

Usage: Construction Lifting

Brand: Lucheng Co., Ltd

Production Country: China

Our truck crane is the perfect solution for your construction lifting needs. With its 360 degree rotation angle and wheel loader moving type, it provides excellent maneuverability on any job site. The Lucheng Co., Ltd brand is known for its high-quality products, and our truck

crane is no exception. Made in China, you can trust in its durability and reliability.

Support and Services:

Our truck crane product is supported by a team of experienced technical professionals who are dedicated to providing exceptional technical support and services to our customers.

We offer a range of technical services, including:

- Installation and commissioning
- Preventative maintenance
- Diagnostic and repair services
- Equipment upgrades and retrofits
- Operator training and certification
- On-site technical support

Our technical support team is available 24/7 to provide prompt assistance to our customers. We also offer remote diagnostic services to quickly identify and resolve any issues that may arise with the equipment.

Our goal is to ensure that our customers' equipment operates at peak performance and reliability, and that they receive the highest level of customer service and support.

Packing and Shipping:

Product Packaging:

The truck crane will be securely packaged in a wooden crate to protect it during shipping. The crate will be sealed with heavy-duty strapping to ensure that the crane stays in place during transit.

Shipping:

The truck crane will be shipped via a freight carrier to the customer's address. The shipping cost will depend on the customer's location and the weight and dimensions of the crane. The estimated delivery time will be provided to the customer once the order is processed.

FAQ:

Q: What is the brand name of this Truck Crane?

A: The brand name of this Truck Crane is XYZ.

Q: What is the model of this Truck Crane?

A: The model of this Truck Crane is TC-1000.

Q: What is the lifting capacity of this Truck Crane?

A: This Truck Crane has a lifting capacity of 50 tons.

Q: What is the maximum lifting height of this Truck Crane?

A: The maximum lifting height of this Truck Crane is 30 meters.

Q: What is the boom length of this Truck Crane?

A: The boom length of this Truck Crane is 36 meters.
