### Basic Information

- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

### Product Specification

- New And Old Degree: Brand New
- Rotation Angle: 360 Degree
- Types Of: Truck Crane
- Lifting Capacity: 1-500T
- Product Material: Steel Products
- Increase Quantity: On Demand Customization
- Production Country: China
- Usage: Construction Lifting
- Highlight: **500T Truck crane, Heavy Truck crane, Customizable Truck crane**

## Product Description

### Product Description:

Our Truck Crane is equipped with a Wheel Loader, making it easy to move around any job site. It's the perfect combination of power and mobility, guaranteeing efficient and safe lifting operations.

Our Truck Crane is proudly made in China, a country known for its excellent manufacturing capabilities. We use only high-quality materials and state-of-the-art technology to produce our Truck Crane, ensuring that it meets the highest standards of quality and durability.

We understand that every customer has unique needs and requirements. That's why we offer On Demand Customization for our Truck Crane. We can increase the quantity of our Truck Crane to meet your specific needs, ensuring that you have the right amount of lifting power for your job.

Our Truck Crane comes in a wide range of colors to suit your preferences. We can customize the color of your Truck Crane to match your corporate branding or any other color of your choice. Our goal is to provide you with a product that not only performs well but also looks great.

Investing in our Truck Crane is a smart choice for any business that needs to lift heavy loads. With its impressive lifting capacity, Wheel Loader, Chinese manufacturing, on-demand customization, and customizable color options, our Truck Crane is the perfect addition to your fleet of machinery. Get your hands on the Truck Crane today and experience its power and efficiency firsthand.

### Features:

Product Name: Truck crane

Production Country: China

Increase Quantity: On Demand Customization

Usage: Construction Lifting

Applicable Scope: Industrial Factory Terminal

Processing Customization: Yes

### Technical Parameters:

Product Attribute	Description
Type	Truck Crane
Increase Quantity	On Demand Customization
Applicable Scope	Industrial Factory Terminal
Product Material	Steel Products
Production Country	China
Rotation Angle	360 Degree
Usage	Construction Lifting
Lifting Capacity	1-500T
Chassis Brand	Lucheng Co., Ltd
Color	Customer's Requirement

### Applications:

The truck crane is made of high-quality steel products, ensuring durability and reliability even in the toughest working conditions. The product can be customized to meet the specific needs of the customer, with an increase in quantity available on demand. This ensures that the truck crane can handle any heavy lifting task, no matter how big or small.

One of the great features of the truck crane is its ability to be painted in any color according to the customer's requirement. This means that the product can blend in seamlessly with its surroundings, making it an ideal choice for a variety of applications.

The truck crane is produced in China, a country known for its high-quality manufacturing standards and competitive pricing. This makes the product an affordable and reliable solution for customers around the world.

Some of the product application occasions and scenarios for the truck crane include:

Construction sites - The truck crane is perfect for lifting heavy building materials, such as steel beams, concrete blocks, and roofing materials. It can also be used to move heavy machinery and equipment around the site.

Factories and warehouses - The truck crane can be used to unload heavy goods from trucks and transport them to their destination within the facility. It is also useful for moving heavy equipment and machinery around the factory or warehouse.

Ports - The truck crane is essential for loading and unloading cargo from ships, as it can lift heavy containers and move them around the port with ease.

Emergency services - The truck crane can be used by emergency services, such as firefighters, to lift and move heavy objects during rescue operations.

In conclusion, the truck crane is a versatile and reliable product that is essential for heavy lifting tasks in various industries. Its remote-controlled operation, steel product material, on-demand customization, and customer color preference make it an ideal solution for any

heavy lifting needs.

## Customization:

Applicable Scope: Industrial Factory Terminal

Usage: Construction Lifting

Moving Type: Wheel Loader

Increase Quantity: On Demand Customization

Color: Customer's Requirement

Whether you require a truck crane for industrial factory terminals or construction lifting, our product customization services can accommodate your needs. We offer on-demand customization for increased quantity and color options to match your preferences. Let us help you find the perfect truck crane for your needs.

## Support and Services:

The technical support and services available for the Truck crane product include:

- Assistance with the installation and setup of the crane
