

## Industrial Steel Grab Overhead Crane With 1-500T Capacity Brand New Grabbing Crane

Our Product Introduction

for more products please visit us on [port-crane.com](http://port-crane.com)

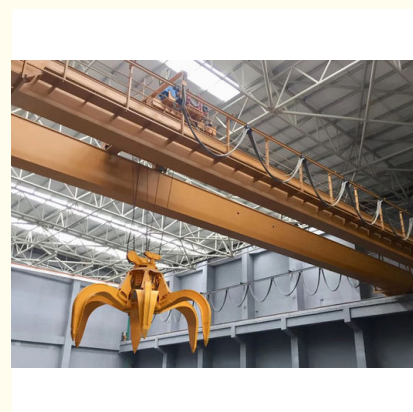

### Basic Information

- Place of Origin: Shandong Province, China
- Brand Name: Lucheng Co., Ltd
- Model Number: Grab crane
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

### Product Specification

- Span Length: On Request
- New And Old Degree: Brand New
- Operation Form: Remote-controlled Operation
- Application: Warehouse Workshop Hoisting
- Product Material: Steel Products
- Applicable Scope: Industrial Factory Terminal
- Lifting Capacity: 1-500T
- Does It Support Processing Customization: Yes
- Highlight: 500t grab bucket crane,  
500t grab overhead crane,  
hoisting grab bucket crane

## Product Description

### Product Description:

The Grabbing crane has a span length that can be customized based on your requirements. This means that you can get the exact size that you need for your application. Whether you need a small crane for a tight space or a large crane for a spacious warehouse, the Grabbing crane has you covered.

As its name suggests, the Grabbing crane is designed to grab and lift heavy objects. This makes it an ideal choice for those who need to move items that are too large or heavy to be moved by hand. The Grabbing crane is designed to be easy to use, with intuitive controls that allow you to lift and move items with ease.

The Grabbing crane is available in a range of different styles, including single girder, double girder, and gantry cranes. This means that you can choose the style that best suits your needs. Whether you need a crane that can lift heavy loads quickly or one that is designed for precision lifting, the Grabbing crane has a style that will work for you.

If you need to increase the quantity of your load, the Grabbing crane can be customized to your exact specifications. This means that you can get the exact lifting power that you need for your application. With its powerful lifting capacity and customizable design, the Grabbing crane is the perfect solution for any business that needs to move heavy loads on a regular basis.

The Grabbing crane is manufactured in China, a country that is known for producing high-quality industrial equipment. This means that you can trust that your crane will be built to the highest standards of quality and reliability. With its robust design and reliable performance, the Grabbing crane is a product that you can count on for years to come.

### Features:

Product Name: Grab crane

Type: Grabbing Crane

Customization: Processing customization supported

Quantity: On Demand Customization

Span Length: On Request

Application: Warehouse Workshop Hoisting

### Technical Parameters:

Brand	Lucheng Co., Ltd
Product material	Steel Products
Span Length	On Request
Boom Length	30 Meters
Processing customization	Yes
Type	Grabbing Crane
Trolley Traveling Speed	50 M/min
Production country	China
Applicable scope	Industrial Factory Terminal
Increase quantity	On Demand Customization

### Applications:

The crane is suitable for a wide range of applications, such as loading and unloading cargo, transferring materials in warehouses, and lifting heavy machinery. Its trolley traveling speed of 50 M/min makes it efficient in handling loads within the warehouse or workshop premises. With a lifting height of up to 50m, the crane is capable of handling loads at different heights, making it a versatile product for various industries.

The Grabbing crane is an excellent investment for companies that require efficient and reliable hoisting equipment. It is designed to handle heavy loads, and its grabbing mechanism makes it easy to lift and move materials with precision. The crane is suitable for a wide range of scenarios, such as construction sites, ports, factories, and warehouses.

The grabbing crane is a perfect solution for companies that want to improve their workflow and productivity. The crane's grabbing mechanism makes it easy to pick and place materials, reducing the time and effort required to handle heavy loads. This makes it an ideal product for companies that deal with large volumes of materials on a daily basis.

In conclusion, the Grabbing crane is a reliable, efficient, and versatile product that is suitable for a wide range of applications in various industries. Its high trolley traveling speed and lifting height make it ideal for handling heavy loads at different heights. Whether you are in the construction industry, port operations, or warehouse management, the Grabbing crane is a perfect investment for your hoisting needs.

### Customization:

## Support and Services:

Our Grab crane product comes with comprehensive technical support and services to ensure optimal performance and efficiency. Our team of experts is available to provide installation and commissioning services, as well as customized training for operators and maintenance personnel.

In addition, we offer ongoing maintenance and repair services to keep your Grab crane operating at peak performance. We also provide spare parts and upgrades to improve the functionality and extend the lifespan of your equipment.

Our technical support team is available 24/7 to provide remote assistance and troubleshooting, ensuring minimal downtime and maximum productivity for your operations.

## Packing and Shipping:

Product Packaging:

Grab crane

User manual

Shipping:

Ships within 2 business days

Standard shipping rates apply

## FAQ:

A: The maximum weight capacity of the Grab crane is 10 tons.

Q: Is the Grab crane easy to operate?

A: Yes, the Grab crane is easy to operate with user-friendly controls and instructions provided.

Q: Can the Grab crane be used for outdoor projects?

A: Yes, the Grab crane is suitable for both indoor and outdoor projects.

Q: What is the maximum range of the Grab crane?

A: The maximum range of the Grab crane is 20 meters.

Q: Is the Grab crane customizable to specific project requirements?

A: Yes, the Grab crane can be customized to meet specific project requirements. Please contact our customer service team for more information.
