

## 7 KW-60 KW Electric STS Gantry Crane Container Bridge Crane with Remote Control

Our Product Introduction

for more products please visit us on [port-crane.com](http://port-crane.com)

### Basic Information

- Place of Origin: Shandong Province, China
- Brand Name: Lucheng Co., Ltd
- Model Number: Shore container bridge crane
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

### Product Specification

- Operation Form: Remote-controlled Operation
- Power Supply Voltage: 30V
- Working Range: Yes
- Applicable Scope: Workshop Production Loading And Unloading
- Lifting Height: 17m
- New And Old Degree: Brand New
- Electric Power: 7KW-60KW
- Operation Method: Wireless Remote Control
- Highlight: **electric sts gantry crane,  
sts gantry crane container,  
electric ship to shore container cranes**

## Product Description

### Product Description:

One of the key features of the Shore container bridge crane is its ability to be customized on demand. This means that customers can specify the exact increase quantity they need, ensuring that the crane is tailored to the specific needs of their business. Whether you need to lift containers or other heavy items, the Shore container bridge crane is up to the task. It is designed to handle large loads with ease, making it a reliable choice for any industrial setting. If you're looking for a top-of-the-line crane that can handle even the toughest jobs, the Shore container bridge crane is an excellent choice. With its high power output, customizable options, and brand new condition, this crane is sure to provide reliable performance for years to come.

### Features:

Product Name: Shore container bridge crane  
Operation method: Wireless Remote Control  
Applicable scope: Workshop Production Loading And Unloading  
Operation form: Remote-controlled Operation  
Power supply voltage: 30V  
Production country: China

### Technical Parameters:

Product Name:	Shore container bridge crane
Electric Power:	7KW-60KW
Applicable Scope:	Workshop Production Loading And Unloading
Operation Form:	Remote-controlled Operation
Operation Method:	Wireless Remote Control
New and Old Degree:	Brand New
Brand:	Lucheng Co., Ltd
Lifting Height:	17m
Working Range:	Yes
Production Country:	China
Power Supply Voltage:	30V

### Applications:

The remote-controlled operation of the Shore container bridge crane makes it a safe and efficient option for a range of applications. With its impressive working range, this crane is ideal for use in ports, harbors, and loading docks. Its versatility also makes it a great choice for construction sites, warehouses, and manufacturing facilities.

The Shore container bridge crane can handle a range of different loads, including shipping containers, cargo, and heavy equipment. Its ability to lift and transport these items quickly and easily makes it a valuable addition to any project that requires the movement of heavy objects.

Whether you need to move large amounts of cargo in a port setting or transfer heavy equipment between manufacturing facilities, the Shore container bridge crane by Lucheng Co., Ltd is the perfect solution. With its remote-controlled operation and on-demand customization options, this crane is sure to meet all of your needs.

### Customization:

Our Shore container bridge crane is operated through wireless remote control for ease of use and convenience. The power supply voltage for our Shore container bridge crane is 30V, ensuring efficient and reliable operation. Our Shore container bridge crane is proudly produced in China, meeting the highest quality standards.

### Support and Services:

The Shore container bridge crane product comes with a comprehensive technical support and service package, which includes:  
24/7 technical assistance  
On-site installation and commissioning  
Regular maintenance and inspections  
Training for operators and maintenance personnel

Upgrades and retrofits to improve performance and extend lifespan

Spare parts and components for quick and efficient repairs

Our team of experienced technicians and engineers are dedicated to providing timely and effective solutions to any issues that may arise with your Shore container bridge crane. We are committed to ensuring that your crane operates safely and efficiently, minimizing downtime and maximizing productivity.

## Packing and Shipping:

### Product Packaging:

The Shore container bridge crane product will be packaged securely in a wooden crate to ensure safe transport.

All necessary components and accessories will be included in the package.

A user manual will be provided for easy installation and use.

### Shipping:

The product will be shipped via a reliable freight carrier to ensure timely and safe delivery.

The shipping cost will be calculated based on the destination and weight of the package.

A tracking number will be provided so customers can track the shipping status of their package.
