

Bridge Ship To Shore Crane For Workshop Production Sts Container Crane 7KW-60KW

Our Product Introduction

for more products please visit us on port-crane.com

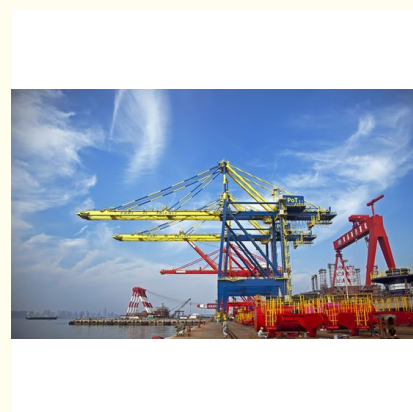

Basic Information

- Place of Origin: Shandong Province, China
- Brand Name: Lucheng Co., Ltd
- Model Number: Shore container bridge crane
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

Product Specification

- Production Country: China
- Operation Method: Wireless Remote Control
- Increase Quantity: On Demand Customization
- Brand: Lucheng Co., Ltd
- Electric Power: 7KW-60KW
- Lifting Height: 17m
- Applicable Scope: Workshop Production Loading And Unloading
- Power Supply Voltage: 30V
- Highlight: **bridge ship to shore crane,
sts container crane 7kw,
bridge sts container crane**

Product Description

Product Description:

With a lifting height of up to 17m, this crane can easily handle even the tallest containers. It also has a power supply voltage of 30V, ensuring that it can operate safely and efficiently in any environment.

The working range of the Shore container bridge crane is impressive, allowing it to move containers across a wide area with ease. This makes it an ideal choice for facilities that need to move containers between different locations on a regular basis.

One of the most impressive features of this crane is its electric power. With a range of 7KW-60KW, it is capable of handling even the heaviest loads with ease. This means that it can be used for a wide variety of applications, from small containers to large industrial machinery.

Overall, the Shore container bridge crane is an excellent choice for any facility that needs to move heavy containers quickly and efficiently. Whether you're loading and unloading cargo ships or moving containers around a manufacturing plant, this crane is sure to get the job done.

Features:

Product Name: Shore container bridge crane

Operation method: Wireless Remote Control

Power supply voltage: 30V

Electric power: 7KW-60KW

Increase quantity: On Demand Customization

Working range: Yes

Technical Parameters:

Production Country:	China
New and Old Degree:	Brand New
Operation Form:	Remote-controlled Operation
Power Supply Voltage:	30V
Brand:	Lucheng Co., Ltd
Lifting Height:	17m
Working Range:	Yes
Applicable Scope:	Workshop Production Loading And Unloading
Electric Power:	7KW-60KW
Increase Quantity:	On Demand Customization

Applications:

The Shore container bridge crane is ideal for loading and unloading containers in ports and warehouses. It can lift containers up to a height of 17m, making it suitable for stacking containers in high-rise warehouses. This product is also suitable for use in manufacturing plants, where raw materials and finished products need to be loaded and unloaded from trucks and other vehicles.

The Shore container bridge crane is a versatile product that can be used in various industries, including automotive, construction, and manufacturing. It can be used to lift and move heavy machinery, equipment, and materials, making it an essential tool for any production facility.

Overall, the Shore container bridge crane is a reliable and efficient product that can help streamline production processes and improve efficiency. With its remote-controlled operation form and ample power supply, this product is ideal for use in workshop production loading and unloading scenarios.

Customization:

Support and Services:

The Shore container bridge crane product is equipped with a range of technical support and services to ensure optimal performance and customer satisfaction:

24/7 technical support hotline

On-site installation and commissioning

Regular maintenance and inspections

Remote diagnostics and troubleshooting

Training for operators and maintenance personnel

Spare parts and component replacement

Upgrades and modernization services

Our team of experienced engineers and technicians are dedicated to providing reliable support and services to maximize the efficiency and lifespan of your Shore container bridge crane.

Packing and Shipping:

Product Packaging:

The Shore container bridge crane product will be securely packaged in a wooden crate to prevent any damage during transportation.

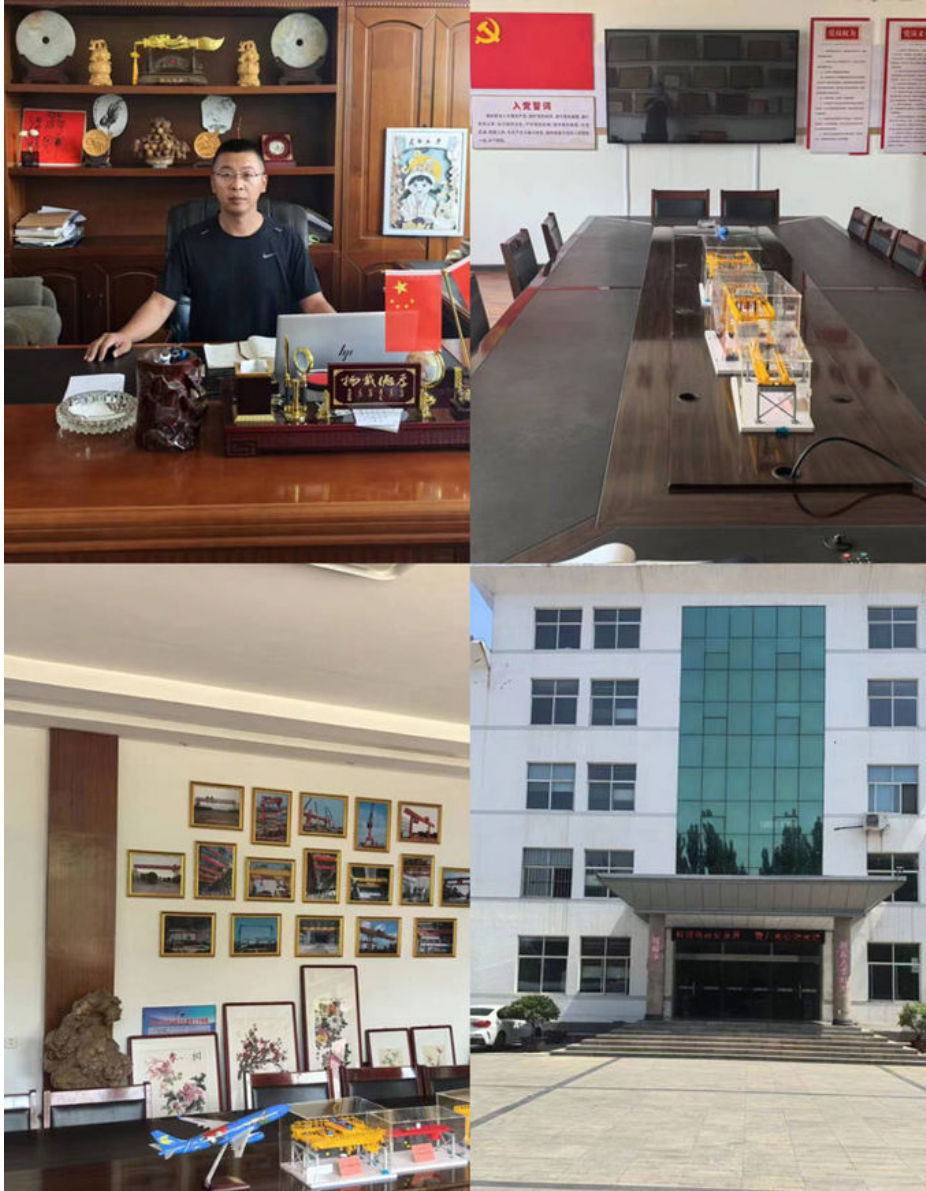

The wooden crate will be reinforced with steel bands and will have foam padding inside to protect the crane from any impact.

Shipping:

The Shore container bridge crane product will be shipped via sea freight to ensure safe and efficient delivery.

We will coordinate with our trusted shipping partners to ensure timely delivery and provide you with a tracking number to monitor the shipment.

Please note that additional fees and customs duties may apply depending on the destination country.
