

6.8 M/Min Certified Industrial Electric Crane Hoist With Air / Remote Operation

Our Product Introduction

for more products please visit us on port-crane.com

Basic Information

- Place of Origin: China
- Brand Name: Lucheng Co., Ltd
- Model Number: Electric hoist
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

Product Specification

- Applicable Scope: Workshop Production Loading And Unloading
- Operation Form: Air Operation/remote Operation
- Type: Electric Hoist
- Increase Quantity: On Demand Customization
- Production Country: China
- New And Old Degree: Brand New
- Tonnage: Customizable
- Colour: Customizable
- Highlight: 6.8 m/min electric crane hoist,
6.8 m/min gantry crane electric hoist,
workshop electric crane hoist

Product Description

Product Description:

Our Electric hoist is powered by a robust electric motor with a power range of 7KW-60KW. This powerful motor ensures that your lifting and loading tasks are done smoothly and efficiently. Whether it's lifting heavy machinery or loading cargo, our Electric hoist is up for the task.

The Electric hoist comes with two operation forms, air operation, and remote operation. The air operation form is suitable for industries that require heavy lifting and loading tasks. With this feature, the Electric hoist can lift and move heavy loads with ease. On the other hand, the remote operation form is perfect for industries that require a more flexible and efficient operation. This feature allows the operator to control the Electric hoist from a distance, which is particularly beneficial in cases where precision and accuracy are required. The Electric hoist is highly customizable. We offer on-demand customization services to cater to the unique demands of your industry.

You can increase the quantity of the Electric hoist to meet your specific industrial needs.

In conclusion, our Electric hoist is a reliable and efficient lifting and loading solution for various industrial applications. With its robust electric motor, two operation forms, and customizable features, it's a perfect fit for workshop production loading and unloading tasks. Get your Electric hoist today and take your industrial lifting and loading tasks to the next level.

Features:

Product Name: Electric hoist

Type: Electric Hoist

Lifting Height: 17m

Tonnage: Customizable

Electric Power: 7KW-60KW

Increase Quantity: On Demand Customization

Technical Parameters:

Product Name:	Electric Hoist
Quantity:	On Demand Customization
Condition:	Brand New
Colour:	Customizable
Type:	Electric Hoist
Operation Form:	Air Operation/Remote Operation
Lifting Height:	17m
Processing Customization:	Yes
Applicable Scope:	Workshop Production Loading And Unloading
Production Country:	China
Product Material:	Steel Products

Applications:

With its high lifting capacity and customizable color, this electric hoist is suitable for a range of application occasions. It can be used in industries such as construction, manufacturing, warehousing, and transportation. It is ideal for lifting heavy objects such as machinery, building materials, and goods.

The electric hoist from Lucheng Co., Ltd is easy to operate and has a high level of safety. It has a strong and durable structure that ensures its stability during lifting. It can be customized according to the specific needs of the customer. It has a power range of 7KW to 60KW, making it suitable for different lifting requirements.

The electric hoist has a wide range of scenarios that it can be used in. It is ideal for lifting heavy loads in construction sites, such as steel beams or concrete blocks. In manufacturing plants, it can be used for lifting heavy machinery or assembling products. In warehousing, it can be used to move goods from one location to another. In transportation, it can be used to load and unload heavy cargo from trucks or ships.

As an electrically operated device, the electric hoist is easy to operate and maintain. It can be used with a remote control, making it convenient for the operator to control the lifting operation from a safe distance. It has a long service life and can be easily repaired if necessary.

In summary, the electric hoist from Lucheng Co., Ltd is a reliable and versatile lifting equipment that can be used in a wide range of industries and scenarios. Its customizable color and processing options make it suitable for specific needs of the customer. Its high lifting capacity and safety features make it a smart choice for heavy lifting tasks.

Customization:

Support and Services:

Our electric hoist product comes with comprehensive technical support and services to ensure maximum performance and longevity. Our team of expert technicians is available to provide assistance with installation, troubleshooting, and maintenance of the hoist. We also offer training and education to help operators learn how to use the hoist safely and effectively. Additionally, we provide repair and replacement services for any parts that may become damaged or worn over time. Our goal is to ensure that our customers receive the highest level of support and satisfaction with their electric hoist.

Packing and Shipping:

Product Packaging:

Electric hoist unit
Remote control
Power cord
Instruction manual

Shipping:

Shipping method: UPS Ground

Estimated delivery time: 3-5 business days

Shipping cost: \$25.00

Shipping address: Please provide a valid shipping address during checkout

FAQ:

Q: What is the brand name of this electric hoist?

A: The brand name of this electric hoist is Lucheng Co., Ltd.

Q: What is the model number of this electric hoist?

A: The model number of this electric hoist is Electric hoist.

Q: Where is this electric hoist manufactured?

A: This electric hoist is manufactured in China.

Q: What is the weight capacity of this electric hoist?

A: The weight capacity of this electric hoist varies depending on the model. Please refer to the product specifications for more information.

Q: Is installation of this electric hoist easy?

A: Installation of this electric hoist is relatively easy, but we recommend that you hire a professional to install it for you to ensure proper installation and safety.
