

50Hz 60Hz Electric Gantry Hoist With 17m Lifting Capacity 3 Ton Electric Chain Hoist

Our Product Introduction

for more products please visit us on port-crane.com

Basic Information

- Place of Origin: China
- Brand Name: Lucheng Co., Ltd
- Model Number: Electric hoist
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

Product Specification

- Electric Power: 7KW-60KW
- Does It Support Processing Customization: Yes
- Product Material: Steel Products
- Tonnage: Customizable
- Colour: Customizable
- Lifting Height: 17m
- Increase Quantity: On Demand Customization
- Operation Form: Air Operation/remote Operation
- Highlight: 60hz electric gantry hoist,
50hz electric gantry hoist,
50hz 3 ton electric chain hoist

Product Description

Product Description:

Features:

Product Name: Electric hoist
Processing Customization: Yes
Production Country: China
Type: Electric Hoist
Colour: Customizable
Applicable Scope: Workshop Production Loading And Unloading

Technical Parameters:

Product Attribute	Electric Hoist
Processing Customization	Yes
Electric Power	7KW-60KW
Increase Quantity	On Demand Customization
Colour	Customizable
Product Material	Steel Products
Lifting Height	17m
Operation Form	Air Operation/Remote Operation
Applicable Scope	Workshop Production Loading And Unloading
Production Country	China
New and Old Degree	Brand New

Applications:

The Electric hoist is suitable for use in various scenarios and occasions. It can be used in construction sites, warehouses, factories, and workshops. It is perfect for lifting heavy loads, such as machinery, equipment, and raw materials. The Electric hoist can be used in combination with cranes, gantry cranes, and jib cranes to improve lifting efficiency.

Electric hoist by Lucheng Co., Ltd is customizable according to customer requirements. Customers can choose the color of the Electric hoist to match their specific requirements. The Electric hoist can also be customized to increase the quantity based on the lifting needs of the customer.

The Electric hoist is widely used in industries such as construction, manufacturing, and logistics. In the construction industry, it is used to lift building materials, such as steel bars, concrete blocks, and bricks. In manufacturing industries, the Electric hoist is used to lift machinery, equipment, and raw materials. In logistics, it is used to lift and move heavy goods and products.

The Electric hoist is made of high-quality steel products that are durable and long-lasting. It is manufactured in China, ensuring the highest standards of quality and reliability. The Electric hoist is easy to operate and maintain, making it a popular choice for various industries.

In conclusion, the Electric hoist by Lucheng Co., Ltd is a versatile and efficient lifting equipment that can be used in a variety of scenarios and occasions. Its customizable features make it suitable for different customer needs. The Electric hoist is made of high-quality steel products in China, ensuring its durability and reliability. Choose Electric hoist for your lifting needs and improve your lifting efficiency.
