

## 5-500T Double Beam Bridge Crane For Steel Goods Handling double girder bridge

Our Product Introduction

for more products please visit us on [port-crane.com](http://port-crane.com)

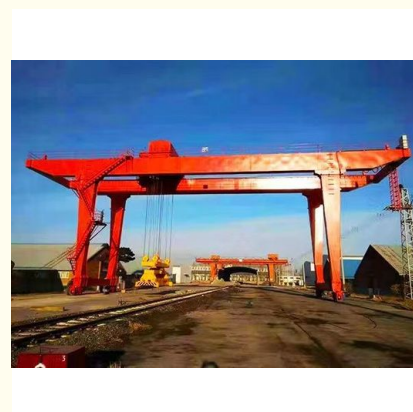

### Basic Information

- Place of Origin: China
- Brand Name: Double beam crane
- Model Number: complete
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

### Product Specification

- Production Country: China
- Increase Quantity: On Demand Customization
- Lifting Height: 0-50m
- Applicable Scope: Industrial Factory Terminal
- Type: Double Beam Crane
- Product Material: Steel Products
- Tonnage: Customizable
- Does It Support Processing Customization: Yes
- Working Class: A5-A8
- Highlight: 500t double beam bridge crane, handling double girder bridge, 500t double girder bridge

## Product Description

### Product Description:

One of the key features of the Double Beam Crane is its double beam design. This design provides superior stability and support, ensuring that the crane can handle heavy loads with ease. Whether you are lifting large machinery, building materials, or other heavy items, this crane is up to the task.

Another great feature of the Double Beam Crane is its lifting height. With a maximum lifting height of 50m, this crane is perfect for even the tallest buildings and structures. It can easily lift heavy loads to great heights, making it an essential tool for construction and other industries.

This particular Double Beam Crane is also brand new, meaning that it has never been used before. This ensures that you are getting a high-quality product that is in top condition and ready to use right out of the box.

Finally, the tonnage of the Double Beam Crane is customizable to meet your specific needs. Whether you need a crane that can lift 10 tons or 100 tons, this product can be customized to meet your exact requirements.

In conclusion, if you are in need of a high-quality Double Beam Crane that can provide exceptional lifting capabilities, look no further than the Double Beam Crane from Lucheng Co., Ltd. With its double beam design, high lifting height, brand new condition, and customizable tonnage, this crane is sure to meet all of your industrial lifting needs.

### Features:

Product Name: Double Beam Crane

Type: Double Beam Crane

Operation Form: Remote-controlled Operation

Lifting Capacity: 5-500T

Product Material: Steel Products

Processing Customization: Yes

### Technical Parameters:

Operation form	Remote-controlled Operation
New and old degree	Brand New
Lifting height	0-50m
Brand	Lucheng Co., Ltd
Type	Double Beam Crane
Processing customization	Yes
Applicable scope	Industrial Factory Terminal
Product material	Steel Products
Lifting capacity	5-500T
Increase quantity	On Demand Customization

### Applications:

### Customization:

Brand Name: Double Beam Crane

Model Number: Complete

Place of Origin: China

Lifting Height: 0-50m

New and Old Degree: Brand New

Increase Quantity: On Demand Customization

Product Material: Steel Products

Operation Form: Remote-controlled Operation

### Support and Services:

Our Double Beam Crane product comes with comprehensive technical support and services to ensure efficient and effective operation. Our team of experienced technicians is available to provide installation, maintenance, and repair services to keep your crane in top condition. We also offer training and consultation services to help you optimize your crane's performance and extend its lifespan. Our support and services are designed to minimize downtime and maximize productivity for your business.

## Packing and Shipping:

Product Packaging:
