

## Customized Steel Structure Frame Industrial Plant Office Building 1-48M

Our Product Introduction

for more products please visit us on [port-crane.com](http://port-crane.com)

### Basic Information

- Place of Origin: China
- Brand Name: Lucheng Co., Ltd
- Model Number: complete
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

### Product Specification

- Weight: Customized Kg
- Product Material: Steel Products
- Brand: Lucheng Co., Ltd
- Does It Support Processing Customization: Yes
- Installation Method: Bolt Tightening And Welding
- Sales Methods: Direct Deal
- Color: Customizable
- Span: 1-48M
- Highlight: **steel structure frame industrial, industrial steel structure workshop, plant steel structure frame**

## Product Description

### Product Description:

Our Steel Structure Workshop is available for special vehicle delivery to your location, ensuring that you receive your order in a timely and efficient manner. We are committed to providing our customers with exceptional service, and we always strive to exceed their expectations in every way.

The Steel Structure Workshop is a customizable product, meaning that we can process the structure to meet your specific needs.

Whether you require a larger or smaller capacity, we can adjust the weight of the structure to suit your requirements. We understand that every customer has unique needs, and we are committed to providing solutions that meet those needs.

Our Steel Structure Workshop is designed with drawings that ensure accuracy in the manufacturing process. This means that you can be confident that your structure will be made to the highest standards and that it will be able to withstand the demands of your operations. We use the latest technology and equipment to produce our products, and we have a team of experienced professionals who oversee every aspect of the manufacturing process.

The Steel Structure Workshop is proudly made in China, a country renowned for producing high-quality products at competitive prices. Our production facility is equipped with state-of-the-art machinery and equipment, ensuring that we can produce our products efficiently and to the highest standards of quality.

In summary, the Steel Structure Workshop is a top-quality product that is designed to meet the unique needs of our customers. It is customizable, durable, and reliable, and it is available for special vehicle delivery to your location. We are committed to providing exceptional service and quality products to our customers, and we are proud to offer the Steel Structure Workshop as a solution for all of your industrial needs.

### Features:

Product Name: Steel Structure Workshop

Span: 1-48M

Sales methods: Direct Deal

Production country: China

Finishing: Painting

Weight: Customized Kg

### Technical Parameters:

Product Name	Steel Structure Workshop
Structure	Large Span Light Steel Frame
Design	Design With Drawings
Weight	Customized Kg
Sales Method	Direct Deal
Processing Customization	Yes
Installation Method	Bolt Tightening And Welding
Production Country	China
New and Old Degree	Brand New
Finishing	Painting
Color	Customizable

### Applications:

One of the key benefits of the Steel Structure Workshop by Lucheng Co., Ltd is its flexibility. This product is available in a range of sizes, with spans ranging from 1 to 48 meters. This makes it a great choice for a wide variety of applications, from small-scale workshops to large industrial complexes.

Another key benefit of this product is its weight. The weight of the Steel Structure Workshop can be customized to suit the specific needs of each customer. This means that it can be used in a variety of different environments, including those where weight is a critical factor.

The Steel Structure Workshop by Lucheng Co., Ltd is a versatile product that can be used in a wide variety of scenarios. It is perfect for use in manufacturing facilities, where it can be used to create assembly lines, storage areas, and other essential components. It is also ideal for use in construction sites, where it can be used to create temporary structures for workers and equipment.

Overall, if you are looking for a high-quality, durable, and versatile workshop solution, the Steel Structure Workshop by Lucheng Co., Ltd is an excellent choice. With its large span light steel frame, customizable weight, and range of sizes, this product is perfect for a wide range of applications and scenarios.

### Customization:
