

500T Industrial Steel Products Grab Crane With 30 Meters Boom Length

Our Product Introduction

for more products please visit us on port-crane.com

Basic Information

- Place of Origin: Shandong Province, China
- Brand Name: Lucheng Co., Ltd
- Model Number: Grabbing crane
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

Product Specification

- Product Material: Steel Products
- Lifting Capacity: 1-500T
- Trolley Traveling Speed: 50 M/min
- Applicable Scope: Industrial Factory Terminal
- Boom Length: 30 Meters
- Does It Support Processing Customization: Yes
- Brand: Lucheng Co., Ltd
- Increase Quantity: On Demand Customization
- Highlight: **500T Grab crane, 30 Meters Grab crane, 30 M Grab crane**

Product Description

Product Description:

The Grabbing Crane is a type of crane that is specifically designed for lifting and carrying heavy loads. This crane is equipped with a specialized grabbing mechanism that allows it to pick up and move a variety of materials, making it a versatile tool for any industrial setting.

The Grabbing Crane is perfect for use in warehouses and workshops where heavy lifting is required. With a lifting height of up to 50m, this crane is capable of moving even the heaviest loads with ease. Its robust design ensures that it can handle even the toughest working conditions, making it a reliable addition to any industrial setting.

The Grabbing Crane is a must-have for any industrial setting that requires heavy lifting. Its specialized grabbing mechanism allows it to pick up and move a variety of materials, making it a versatile tool for any job. Its lifting height of up to 50m makes it the perfect choice for warehouses and workshops, where heavy lifting is required.

Features:

Product Name: Grabbing crane

Operation form: Remote-controlled Operation

Applicable scope: Industrial Factory Terminal

Lifting height: 0-50m

Trolley Traveling Speed: 50 M/min

Increase quantity: On Demand Customization

Technical Parameters:

Product material:	Steel Products
Span Length:	On Request
Application:	Warehouse Workshop Hoisting
Boom Length:	30 Meters
Increase quantity:	On Demand Customization
Lifting height:	0-50m
Trolley Traveling Speed:	50 M/min
Operation form:	Remote-controlled Operation
Brand:	Lucheng Co., Ltd
Lifting capacity:	1-500T

Applications:

With a boom length of 30 meters, the Grabbing crane is especially useful in warehouse and workshop hoisting applications. Whether moving large and heavy items or transporting materials from one location to another, this product is designed to provide reliable and efficient performance. The Grabbing crane is also capable of increasing quantity on demand, making it a great option for businesses that require a flexible and adaptable solution.

One of the key advantages of the Grabbing crane is its ability to handle a wide range of materials, including bulk materials, scrap metal, and waste materials. This makes it an ideal choice for industries such as construction, mining, and recycling. The Grabbing crane can also be used in port and harbor applications, where it can be used to unload cargo from ships and transport it to storage facilities.

Other potential applications for the Grabbing crane include power plant construction, bridge construction, and oil rig maintenance. In each of these scenarios, the Grabbing crane's remote-controlled operation and customizable features make it a valuable asset for any project. Whether you're working in a small workshop or a large industrial facility, the Grabbing crane is a reliable and efficient solution that can help you get the job done.
