

## Remote Control Grab Crane / 50M/Min Grab Overhead Crane 1-500T

Our Product Introduction

for more products please visit us on [port-crane.com](http://port-crane.com)

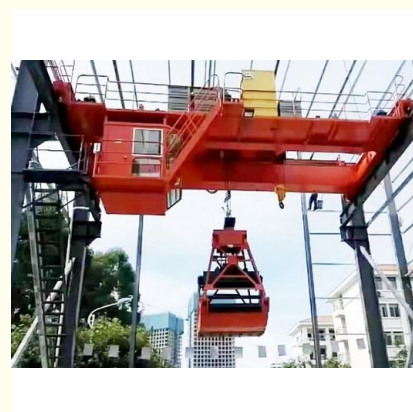

### Basic Information

- Place of Origin: Shandong Province, China
- Brand Name: Lucheng Co., Ltd
- Model Number: Grabbing crane
- Minimum Order Quantity: 1
- Price: interview
- Delivery Time: 10-15 days shipping
- Payment Terms: L/C, T/T
- Supply Ability: 3set/week

### Product Specification

- Product Material: Steel Products
- Lifting Capacity: 1-500T
- Span Length: On Request
- Operation Form: Remote-controlled Operation
- Production Country: China
- Brand: Lucheng Co., Ltd
- Does It Support Processing Customization: Yes
- Applicable Scope: Industrial Factory Terminal
- Highlight: **50m/min grab overhead crane, remote control grab crane, 50m grab crane**

## Product Description

### Product Description:

One of the key features of the Grabbing Crane is its ability to grab and lift large objects. The crane is equipped with powerful hydraulic systems that allow it to grip objects securely and lift them with ease. This makes it an ideal choice for handling heavy and bulky materials such as steel beams, containers, and machinery.

The Grabbing Crane also supports processing customization, which means that it can be tailored to the specific needs of a particular job. This can include modifications to the crane's lifting capacity, boom length, and other features that are required to get the job done safely and efficiently.

The lifting capacity of the Grabbing Crane ranges from 1 to 500T, making it suitable for a wide range of lifting tasks. Whether you need to lift a small load or a massive piece of equipment, the Grabbing Crane has the capacity to get the job done.

Finally, the Grabbing Crane is brand new, which means that it is in excellent condition and has not been used before. This ensures that the crane is reliable and will perform at its best, providing you with the peace of mind that comes with knowing that you have a high-quality piece of equipment at your disposal.

### Features:

Product Name: Grabbing crane

Span Length: On Request

Processing Customization: Yes

Trolley Traveling Speed: 50 M/min

Application: Warehouse Workshop Hoisting

Brand: Lucheng Co., Ltd

### Technical Parameters:

Production country	China
Processing customization	Yes
Operation form	Remote-controlled Operation
Trolley Traveling Speed	50 M/min
New and old degree	Brand New
Applicable scope	Industrial Factory Terminal
Span Length	On Request
Product material	Steel Products
Increase quantity	On Demand Customization
Lifting height	0-50m

### Applications:

The Grabbing crane is a versatile product that can be used in a variety of applications. It is ideal for use in construction sites, warehouses, and factories. The crane is perfect for lifting heavy loads and can be used to move materials such as steel, concrete, and building materials. The remote-controlled operation makes it easy to use, even in tight spaces.

The Grabbing crane is also ideal for use in shipyards, ports, and harbors. Its ability to lift heavy loads makes it perfect for loading and unloading cargo from ships. The crane can also be used to move containers and other heavy items around the port or harbor.

In addition to these applications, the Grabbing crane is also ideal for use in the mining and oil industries. Its ability to lift heavy loads makes it perfect for moving large pieces of equipment and materials. The remote-controlled operation makes it easy to use in tight spaces, making it ideal for use in underground mining operations.

The Grabbing crane is a high-quality product that is manufactured in China. Its strong and durable design makes it perfect for use in a variety of applications, including construction, shipyards, ports, and mining. The remote-controlled operation makes it easy to use, even in tight spaces. If you are looking for a reliable and versatile crane, the Grabbing crane from Lucheng Co., Ltd is an excellent choice.

### Customization:

Model Number: Grabbing crane

Brand Name: Lucheng Co., Ltd

Place of Origin: Shandong Province, China

Span Length: On Request

Product material: Steel Products

Lifting height: 0-50m

Application: Warehouse Workshop Hoisting

## Support and Services:

The Grab crane product comes with comprehensive technical support and services to ensure smooth and efficient operation:

24/7 telephone support for urgent technical issues

On-site technical support and troubleshooting

Regular maintenance and inspection services to ensure optimal performance

Customized training programs for operators and maintenance staff to ensure safe and effective use of the product

Remote monitoring and diagnostic services to identify potential issues before they become major problems

Our team of experienced engineers and technicians are dedicated to providing the highest level of support and service to our customers.

## Packing and Shipping:

Product Packaging:

1 Grab crane

Instruction manual

Remote control

Batteries for remote control

Shipping Information:

Shipping method: Standard ground shipping

Expected delivery time: 5-7 business days

Shipping cost: \$10

Shipping to: United States only

## FAQ:
