Support and Services:

Our European crane product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experienced technicians is available to assist you with any questions or issues you may encounter, whether it's during installation or operation. We offer a range of services, including maintenance, repairs, and upgrades, to keep your crane running smoothly and efficiently. In addition, we provide training for operators and maintenance personnel to ensure that they have the knowledge and skills necessary to safely and effectively operate and maintain the crane. Our goal is to provide you with the highest level of support and services to help you maximize the performance and lifespan of your European crane product.

Packing and Shipping:

Product Packaging:

The European crane product is shipped in a sturdy wooden crate to ensure safe transportation. The crate is designed to protect the crane from damage during shipping and handling. The crane components are securely strapped to prevent movement and potential damage during transportation.

Shipping:

The European crane product is shipped via freight carrier and will typically arrive within 3-5 business days after the order has been processed. The freight carrier will contact the customer to schedule a delivery time and ensure that someone is available to receive the shipment. The customer is responsible for unloading the crane from the truck upon delivery.
